**FOR IMMEDIATE RELEASE**

## **State Route 29-Channelization Project-Napa County Updates Starting Sunday, October 11**

**NAPA COUNTY** – Caltrans and its local stakeholders have started construction of the State Route 29 (SR-29) Channelization Project in and near St. Helena in Napa County.

Limited project-related utility work is scheduled for the final two-weeks of October 2015.

### **Daytime Work-Starting Sunday, October 4**

Caltrans and its contractors will perform minor work in preparation for full project startup. This work includes the following: installation of perimeter storm water controls, tree stump grinding, traffic sign installation and material deliveries. Work will occur primarily from Stice Lane to Chaix Lane in the northbound shoulder.

Work is scheduled starting at 7:00 AM until 3:30 PM daily and will not require lane closures.

AT&T is also scheduled to remove remaining utility poles and abandoned underground cabling from Zinfandel Avenue to Charter Oak Avenue. Work will be primarily in the southbound shoulder. Work will be performed under a lane shift when necessary. Hours of work are scheduled from 8:00 AM to 3:00 PM daily. No night work is currently scheduled for this week.
